Memories and Messages To all: Wow 30 years, enjoy every moment!

50 Year Reunion

Message So many things come to mind.

First of all, I have been given all of my dreams. I think too often we believe that we have achieved them through our own work and dedication but I know better. They are achieved through our work but God has inspired and blessed us in our efforts.

My children and grandchildren have made me a very proud woman. I am blessed to have a son and two daughters. I also have two stepdaughters. They all have been such an inspiration to me. They have brought me love and happiness. My eight grandchildren and five step grandchildren have done the same.

Has life been without pain or sadness? No. But that has given me the vision to know what matters and what is important to me.

How do I describe my life? One of joy and happiness, peace and protection.

I wish for each of my fellow classmates a life of happiness and satisfaction as we maneuver the golden years of our lives. ??

40 Year Reunion

Occupation Nonprofit Executive, American Lung Association

East High Class of 1970

Spouse/Partner Wayne Kurth, Software Developer

Comments Wayne and I live in Cave Creek with our two Australian shepherds who completely have taken over our lives. We get away annually to wine country in California to taste, re-stock our supply, and enjoy the surroundings. We snow ski downhill and Telluride is our favorite place for that since we were married there. I've been doing nonprofit work for over 20 years and love it! We spend a lot of time with family and cheering for ASU teams.

Memories Going to football games, becoming mascot Louie the Longhorn (front end) our senior year, occasionally walking home with Kathy York--we found a baby owl one time! I had lots of fun working on plays and was so happy and proud to be chosen to lead Masque and Gavel for a year. Algebra and chemistry were excruciating but English and journalism with Mr. Coffroth brought fun and new experiences. Heartaches seem very infrequent now and I mostly just remember great times with really good people.

50 Year Reunion

Message Here's to East High School class of 1970! Who knew that 50 (okay, 51) years could ever fly by that quickly? This milestone reunion was a definitive combination of playfulness, nostalgia, and conviviality. It was especially enjoyable to see some of our classmates we've not seen for many years--people like Linda Harry, Janie Dunbar, Ron Lomeli, Jeanne Williams, and a few others my feeble mind won't recall as I write this. We missed some folks who weren't there, too--my best friend Kathy York, Mary Hurt, Karl Lunt, Paul Schwimmer, and many other schoolmates we missed so much, as well as those sweet souls we have lost along the way.

Let's do it again in 2025! Go Longhorns!

Charisse Ferguson

Earl Ferguson

50 Year Reunion

Message Greetings fellow Longhorns! From Earl Ferguson, band tuba player, chess clubber, and high school nerd. Quite a journey from there to here. In Mr. Martin's physics class, I was sure I would be a physicist, but turned to engineering in college getting an MSEE at ASU. But it turns out that a half-year FORTRAN programming class with Martin Sincoff would wind up inspiring my long career as a software engineer, writing missile warning software in Cheyenne Mountain for the Air Force, programming the first Iridium satellite, and creating the data center for NASA's satellite ground station at White Sands. And I never imagined I would do things like study orangutans in Borneo, make multiple trips to a Gilbert & Sullivan festival in England, help facilitate a folk music festival for 20 years, or spend considerable time helping to maintain the 800 mile Arizona National Scenic Trail. Yes, an interesting journey that 18-year-old could not foresee.

Special thoughts for those who didn't make it this far with us. Among them, my dear friend, physics partner, and chess companion, Michael Mirabal, who passed away much too early in 1997, and my good friend, motorcycle partner, and Air Force companion, Dennis Keck who passed in 2011.

East High Class of 1970

Message What have I done since graduation from East? - lived, loved, lost, learned. . .51 years - the Reader's Digest version. . .

Graduated from NAU - with a BS in Early Childhood Education and Physical Education 1974. Married 1975. Taught first and second grades in Laveen and Deer Valley school districts until Mark was born in 1979. Kyle born in 1981 - active in their schools, church, Boy Scouts, Little League, basketball, soccer, BMX and all that stuff. Began airline career in 1989. Divorced 1992.

Raised my boys, gained two daughters and seven grandchildren - ages 9 to 18 - 6 boys, 1 girl - granddaughter recently chose a night at the drag races over shopping and pedicure day - there's a reason we share a middle name. Retired from America West/US Airways/American Airlines.

Rod came into my life in 2000 - he attended our 30th reunion. We entertain ourselves with our families, camping, fishing, kayaking, country music, and travel. I never leave home without a camera - volunteer for Desert Botanical Gardens, Hospice of the Valley, Chandler Police Department and Susan G. Komen events. We both retired on April Fool's day - 2017 for me and 2020 for him. I retired from an airline but the gypsy in me lives on - each summer since retirement has included a 10,000+ mile road trip - three of them I did solo while Rod worked ?? last year we added fifteen states to the US map in our trailer together.

Message Hi to all East High Class of 1970 Alums!

I am writing this after our 50+1 reunion, and I have to say it looked like everyone had a great time! Thanks again to the reunion committee for their hard work and diligence for over 2 years!!

Nancy and I are both retired, although Nancy has been sub-teaching in the Higley School District since we moved to Gilbert in 2013. Our 3 children and 6 grandsons, (yup all boys) are the inspiration and riches of our lives, (oh... and Tillie, our Border Collie). I've stayed busy in my retirement doing projects for my family and friends, playing bassoon with the Chandler Symphony (28 years now), traveling, and throwing the frisbee to Tillie, (she is a working dog, you know).

Nancy and I are truly blessed to have such a great family, and great friends!!! We look forward to seeing all of you again in 4 years, at our 55th reunion!!

50 Year Reunion

East High Class of 1970

Message Hi All,

I graduated from ASU with bachelor's and master's degrees in Electrical Engineering. I worked at Motorola 11 years and Datachecker 2 years doing software engineering. While living in Mesa and working at Datachecker I met and married Mary Gannon in 1986. She is from Iowa City, IA.

We moved to the Twin Cities in 1987. Our first child, Sarah, was born in 1988. Four more children were born in the Twin Cities - Katie, Mike, Paul, and Patrick. I worked at two different companies during our time in MN - NCR and a startup, Racotek - again doing software engineering.

We moved to Cedar Rapids, IA in 1997. Our son Tim was born there. I worked at Collins until 2016 when they decided to get rid of the older employees and gave us an offer hard to refuse. I took it and left Collins for semi-retirement. Mary took a job in western IA and we moved there a year before returning to Cedar Rapids. (Most of our kids were in eastern IA and didn't want to drive 3+ hours to visit us that often.)

After moving back to Cedar Rapids I got a job with a consulting company again doing software engineering. I plan to finally retire from that at the end of the year.

Mary has been busy, too. (Besides with kids.) She is a registered dietitian, certified diabetes educator, certified spiritual director, and board certified Catholic chaplain. And she also wrote a book. She recently quit her dietitian job to go into private practice as a dietitian/health coach. You can find her on-line at HealtyRiseNutrition.com. She does in-person and Telehealth meetings.

Attached is a photo of us from not too many years back.

Blessings,
John and Mary Kaufmann

50 Year Reunion

Message I'm sorry I won't be able to attend. I don't know where the last 50 years went, but it certainly went by quickly!

I don't imagine many will remember me, as I was only at East for a half year. My best memory was playing Sarah, in "Guys and Dolls."

I retired from AT&T after 15 years, and went back to teaching dance for 25 years. I have two children, both married, and one grandchild. I've been a widow for 17 years, and currently live in East Mesa.

Times have certainly changed. I can honestly say, I wouldn't mind going back in time, when life was much simpler.

Wishing you all a happy and safe reunion! Cheers!

50 Year Reunion

Message

As a member of East High's founding faculty I had incredible experiences for all 8 years - for me personally, professionally, and for my young family (the photo was taken our first week on the new campus - Janis was 2 and Mark 4). Most important for me were the opportunities to teach and conduct incredibly wonderful students to achieve high Arizona and even national success in music, and the relationships we shared. Those memories are vivid to this day as I review my hefty book of EHS memorabilia and continue to be in contact with EHS grads. I thank YOU for those special years and the memories which will always be cherished!

Comments How to briefly encapsulate 40 years--wow...Spent 5 years in the Air Force as a medic, used my GI Bill to go to college and become an RN, continued to live in Phoenix until 1998 when I left nursing and my second divorce behind me to move to California and build websites for no money while I got room & board. Got a "real" job with pay and benefits after about a year, and also met my current & best husband. We live on the beautiful central coast of California while he stays extremely busy being retired and I work for a great doc in San Luis Obispo.

Memories Mostly just fleeting memories of some special teachers, special people and special events; one of my favorites was no school on "rain" days; and basically being just another shy skinny kid with glasses & braces.

Comments We have been blessed to be able to travel around the world. We love seeing new places and experiencing new cultures, people and food. We have favorites and we have not-so favorites. We spend quite a bit of time taking care of our grandchildren and parents. We are hoping to buy a house that needs fixing up. And until we can no longer travel we will keep traveling and checking places off our "bucket list"!

East High Class of 1970

Memories I remember the fun we had making floats at Jeri's house for homecoming and I remember going to the football games all dressed up. I also remember how we had to wear dresses to school and if they were too short Miss Billings would have us kneel on the ground to measure them. High school was a blast with many fond memories of teachers, friends and good times.

50 Year Reunion

Message I loved my high school years! I feel like I was very fortunate to have a great high school, great friends and great memories created there. One of the highlights of my years at East was when I got to travel to Europe the summer of 1969 and study French. I believe those 6 weeks abroad planted the seeds for my love of traveling years later.

After graduating from East I attended MCC and after graduation I married the love of my life Jim Brown, EHS class of 1968 and coincidentally a neighbor down the street from me. We were fortunate and blessed to have 4 beautiful daughters who are the joys of my life. Those daughters brought us 7 grandchildren ranging in age from 25 to 14. Jim retired in 2003 at the age of 53 and he and I traveled the world. We traveled to over 50 countries and truly embraced each country, town, village, and culture we were lucky enough to spend time in. Sadly in 2019 Jim died from a very rare, always fatal disease called CJD that took his life in a short 6 weeks time.

I am now trying to figure out where my place is in this life and what and how I want to spend the rest of my life. I did not see me being a widow at the age of 66 for sure.

I enjoy being with my family and grandchildren, traveling throughout the world and seeing new places and people and spending time with my friends. In addition I now have a 1 ½ year old mini Schnauzer named Zach who I dearly love. I call him my heart healer. He came to me April 2020 during the pandemic and I'm not sure how I would have survived Jim's death, pandemic and shut down without little Zach to care for. I still love to play the piano, read, sew, being with friends, and supporting others in the CJD family. I have also considered being a volunteer grief facilitator through Hospice of the Valley as my grief counseling and support groups were invaluable to me these past 2 years.

After the loss of Jim I realized that this life isn't about how much money you have or what famous job you did. It is about the memories you made and hold dear to your heart and how you treated others. I have learned that kindness changes everything and that has become my daily mantra for living. I have failed on many occasions for which I am sorry. I truly believe that friends and family matter and I am richly blessed to have those in my life.

50 Year Reunion

Message Hi everyone,

I wish I could have joined you for the 50+ 1 reunion. 50+ 1! Yikes! Does this mean we have joined the ranks of the "elderly"? No way!

I have great memories of high school days, as I am sure you do! Many of us met our spouses at East High and made lifelong friends.

Where has 51 years gone? Ray and I raised three children who grew up here in Flagstaff, married and gave us 16 + 1 (spouse) grandchildren. We have enjoyed each stage of our lives. We worked hard and then some!! We built 4 businesses and sold 3. We are retired but maintain a small property management company. We have traveled, hunted, fished, water skied, snow skied, hiked, and basically enjoy the outdoors every day.

As you know Ray and I gave our hearts to the Lord before we married. Best decision ever and I highly recommend to you a personal relationship with Jesus Christ. He has made all the difference in our lives.

If you're ever up our way, please feel free to stop by for coffee or lunch. Wishing you the best and many more years to come ??

50 Year Reunion

Message After graduating from East High, I attended Mesa Community College. During that time, I also worked at the Arizona Bank data processing center in Phoenix. In June of 1971, I married one of my karate instructors, Walt Vaden. He is the love of my life.

I switched to ASU in Tempe and graduated in 1974 with a degree in secondary education and a major in mathematics. I briefly did some substitute teaching at a local high school, but when my first daughter was born in 1975, I started my own tutoring business and worked from home to be with her.

Over the years, we added four more daughters to our family. Our daughters were very active in sports, so our lives revolved around soccer, volleyball, basketball, softball and track.

We are also very involved in our church. I have served in many capacities at church including music, and leadership and teaching positions with the children, the young women's, and currently with the women's organization.

Our beautiful and talented daughters have given us twenty grandchildren and they are the sunshine of our lives. My favorite thing is connecting and building strong relationships with them.

I enjoy sewing, baking, playing with my dog and soaking up every minute that I can with my husband and family.

50 Year Reunion

East High Class of 1970

Message Dearest East High Longhorns!!

What a thrill to be with all of you on this 51st reunion! It appears we have been a very blessed class, then, and now! Our friendships continue and our lives have thrived with happiness and joy, in spite of the challenges and trials of mortality.

I left East High School, attended Brigham Young University, graduated in Elementary Education, and taught first grade in the Provo, Utah area. During this time I fell in love with a wonderful young man, by the name of Jerry Garns. We have four children and with their amazing spouses they have provided us with 18 darling grandchildren. We spent most of our years in Valencia, California where we raised our children and my husband spent his days as a Commercial Advertising Photographer. We loved it in California and now spend our vacations returning and surfing the beaches with children and grandchildren.

We are currently living in Spanish Fork Utah, where my husband teaches Commercial Advertising Photography at Brigham Young University. A year ago we returned from a 3 year mission in the Florida Ft. Lauderdale area, for the Church of Jesus Christ of Latter Day Saints. We loved serving our mission together and enjoyed meeting and sharing the Gospel of Jesus Christ with people from all nations!

My experiences and friendships at East High School provided a solid, firm foundation which enabled me to go out into the world and pursue my dreams as a wife, mother, grandmother, and teacher. Every single one of you touched my life deeply and I often refer back to those foundational moments where I learned valuable lessons from you, my dear friends. Thank you for the influence and the association!! You are forever in my heart and I love you with all of my heart!!

Forever grateful,

Mary Lynn Shumway Garns

50 Year Reunion

East High Class of 1970

Message It was so fun to reconnect at the 40th reunion in 2010 and to read the memory book comments. I genuinely appreciate the goodness and contributions of the class of '70. Thank you for the impact many of you had on my life. Looking back there are many things I would like to have done better and many relationships I would have taken better care of. Some memories - shorthand and typing classes (which gave me the skills I needed to put myself through college), hard work on the tennis courts, listening to everyone's interpretation of life's deep meaning in English classes, fun building floats, struggling to understand geometry and being afraid to ask questions, lots of fun conversations in the library with friends, marching band practices and sitting with the band at football games. Thank you, Mr. Longfield, and many other teachers!

I graduated from BYU and taught 5th grade for a couple of years, then focused on raising our six kids. My husband, Steve, grew up in Mesa and also graduated from BYU. His career in city management provided us the opportunity to live in a few different communities in three states--Tempe, AZ, Snowflake, AZ, Canon City, CO, and Centerville, Utah. Our children have and are now raising their families in places like Arlington and Alexandria, VA, Ellicott, Maryland, Clifton Park, NY, just outside of Albany, Toledo, OH, Meridian, ID, and several communities in Utah.

Steve and I lived in Adelaide and Darwin, Australia for 18 months from Dec 2019-June 2021 while serving a mission for our church. It was an amazing cultural experience, especially in Darwin--people from the middle east, India, Philippines, mainland China, Asia, Southeast Asia, Europe, and of course, and especially Australia's first nation peoples. The immigrants especially sacrifice so much and work hard for a better life and educational opportunities for their families. We came away with a deep respect for and an appreciation for many people.

Since retiring from city management, Steve can now publicly express political opinion and put up campaign signs in our yard! He enjoys reading a lot of history books and I enjoy doing family history research. Looking forward to traveling and sharing meaningful experiences with the grandkids now that they are a little older.

We acknowledge that many of you have experienced some painful losses of loved ones and altered life plans. We express our sincere condolences to you. We wish you all the best of health and happiness in the future.

50 Year Reunion

East High Class of 1970

Message Hi everyone. This will be my first reunion I've attended. Looking forward to not recognizing most of you and vice versa. Sometimes, I don't recognize myself!! High school was awesome for me in so many ways and it's because of my classmates. You were kind and so much fun. I genuinely learned to have confidence and a bigger perspective on life due to your friendships and examples.

I'm a wife (married, divorced and then remarried my ex-husband and yes, it's been a journey), mother of 5, grandmother of 8 and live in Salt Lake City UT but we have a little bungalow in Bountiful UT near our son's family to keep closer ties to them. We enjoy a condo in St George UT, too, when our winter's get a bit much. I am employed as a MA to a private group of 12 Orthopaedic surgeons. I work as little or as much as I want now. I paid my dues and when I thought about retiring I just couldn't go full steam ahead, so they offered me to work PRN, as needed, if my schedule allows. It's a great fit for me. Love my coworkers and patients.

I spent my career as a retail store manager and buyer but retail was very non-flexible and so I moved to medicine when the chance presented itself. I've never looked back. Juggling a career, family and my church, of course, taught me to prioritize things that matter most...a great life lesson.

Best Wishes to ALL for health, happiness and love.

Events Having the opportunity to build your own future, not the dream that someone else may want you to follow and to learn something new and different every day of your life... Realizing the importance of the friends that were made throughout our school years that so quickly get set aside as we get older...Going on the second date, twenty years later, with the lady I should have married the first time around...
Memories and Messages The Longhorns from East High may have only lasted but a few years, however the memories that all of us have will last a lifetime...the graduating class of 1970 probably produced some of the best stock for building the future that came out of Phoenix. I hope those who felt high school was a waste of time can also look back at the good times they had and enjoy those memories as well. I'm sure we will find many of our graduates and teachers that haven't made it through the past 30 years. I would like to see their families at this reunion to share some of those early memories with. We had a lot of PRIDE and SPIRIT in the 1970's...I wonder if it grew any in 30 years? Shall we try for another 10, 20, or 30?

Deceased Classmates

I Spend My Time Being a Garrett employee, my family and I enjoy many outstanding benefits; but unfortunately, "spare time" is not among them. However, on those rare occasions when I find myself with a few moments of unencumbered consciousness, I enjoy slinging mass quantities of B___S___. This is, of course, one of those times. I'm almost sorry you had to be the unwilling beneficiary. (Well, I'm not THAT sorry!)
P.S. I got a copy of this questionnaire from Allen Blackburn; you can blame him for all this.
